

Master Category List (Version 1)

1. Accommodation (Completed after this step)

Category: Accommodation

Things You Can Praise

- **Comfortable rooms**
→ The rooms were clean, quiet, and comfortable for guests.
- **Friendly staff**
→ Staff members were welcoming and always ready to help.
- **Convenient location**
→ The accommodation was close to important places and public transportation.
- **Affordable price**
→ The cost was reasonable compared to similar options.
- **Fast check-in process**
→ Guests could receive their room quickly without long waiting times.
- **Clean facilities**
→ Shared spaces such as bathrooms and kitchens were well maintained.
- **Comfortable beds**
→ The beds helped guests sleep well after a busy day.
- **Reliable Wi-Fi**
→ Internet access was fast and stable throughout the building.

- **Quiet atmosphere**
→ The peaceful environment made it easy to relax or study.
- **Helpful reception desk**
→ Reception staff answered questions efficiently.
- **Good security**
→ Security measures made guests feel safe during their stay.
- **Modern furniture**
→ Rooms were equipped with comfortable and updated furniture.
- **Spacious rooms**
→ Guests had enough space to work and store their belongings.
- **Good lighting**
→ Rooms had sufficient natural and artificial light.
- **Well-equipped kitchen**
→ Cooking facilities made long stays more convenient.
- **Flexible booking policy**
→ It was easy to change or cancel reservations.
- **Laundry facilities**
→ Guests could wash clothes conveniently.
- **Pleasant decoration**
→ The interior design created a welcoming atmosphere.
- **Good heating and air conditioning**
→ Indoor temperatures remained comfortable in all seasons.
- **Beautiful surroundings**
→ The nearby scenery made the stay more enjoyable.
- **Free breakfast**
→ Complimentary meals added value to the stay.
- **Easy communication**
→ Staff responded quickly to emails and phone calls.

- *Accessibility features*
 - *Facilities accommodated guests with different needs.*
 - *Private bathrooms*
 - *Guests enjoyed greater comfort and privacy.*
 - *Helpful local recommendations*
 - *Staff suggested interesting places to visit nearby.*
-

Common Problems

- *Noisy environment*
 - *Traffic or neighboring guests made it difficult to sleep.*
- *Dirty rooms*
 - *Rooms were not cleaned properly before arrival.*
- *Slow Wi-Fi*
 - *Poor internet made studying or working difficult.*
- *Broken air conditioning*
 - *Rooms became too hot or too cold.*
- *Uncomfortable beds*
 - *Guests experienced poor sleep because of old mattresses.*
- *Long check-in time*
 - *Guests had to wait too long before receiving their room.*
- *Poor customer service*
 - *Staff were unfriendly or unhelpful.*
- *High prices*
 - *The accommodation cost more than expected.*
- *Hidden fees*
 - *Extra charges were not explained in advance.*

- **Poor cleanliness**
 - Bathrooms or common areas were not hygienic.
- **Limited parking**
 - Guests struggled to find parking spaces.
- **Heating problems**
 - Rooms were too cold during winter.
- **Water supply issues**
 - Hot water was unavailable at certain times.
- **Broken furniture**
 - Chairs, tables, or wardrobes were damaged.
- **Small rooms**
 - There was not enough space for luggage or work.
- **Weak security**
 - Guests felt their belongings were not fully protected.
- **Lack of privacy**
 - Thin walls allowed noise from neighboring rooms.
- **Poor lighting**
 - Rooms were too dark for reading or studying.
- **Complicated booking process**
 - Making reservations was confusing.
- **Delayed maintenance**
 - Repairs took too long.
- **Limited kitchen equipment**
 - Guests could not prepare meals easily.
- **Inconvenient location**
 - The accommodation was far from transportation or services.
- **Overcrowded facilities**
 - Shared spaces became too busy during peak hours.

- **Unpleasant odors**
→ Rooms or hallways smelled bad.
 - **Inaccurate online information**
→ The actual facilities did not match the advertisement.
-

Possible Improvements

- **Upgrade internet service**
→ Faster Wi-Fi would improve studying and communication.
- **Improve room cleanliness**
→ More frequent cleaning would increase guest satisfaction.
- **Provide better staff training**
→ Employees could offer more professional customer service.
- **Renovate old furniture**
→ New furniture would improve comfort.
- **Install better soundproofing**
→ Guests would enjoy a quieter environment.
- **Reduce waiting time at check-in**
→ Faster service would create a better first impression.
- **Offer more affordable prices**
→ Lower costs would attract more visitors.
- **Increase security measures**
→ Additional cameras or key-card access would improve safety.
- **Improve heating and cooling systems**
→ Guests would remain comfortable throughout the year.
- **Expand parking areas**
→ More parking spaces would reduce inconvenience.

- ***Provide complimentary breakfast***
 - *Free meals would add value for guests.*
- ***Upgrade kitchen facilities***
 - *Better equipment would support long-term residents.*
- ***Improve communication***
 - *Faster responses to emails and calls would reduce confusion.*
- ***Create quiet study areas***
 - *Students could focus more effectively.*
- ***Increase lighting quality***
 - *Brighter rooms would improve comfort and productivity.*
- ***Offer flexible cancellation policies***
 - *Guests could make reservations with greater confidence.*
- ***Perform regular maintenance***
 - *Preventive repairs would reduce unexpected problems.*
- ***Add more storage space***
 - *Extra shelves and closets would make rooms more practical.*
- ***Provide local information guides***
 - *Guests could explore the surrounding area more easily.*
- ***Improve accessibility***
 - *More facilities would support guests with disabilities.*
- ***Add laundry machines***
 - *Residents could manage longer stays more conveniently.*
- ***Introduce online check-in***
 - *Digital services would save time.*
- ***Plant more greenery***
 - *Gardens would create a more relaxing atmosphere.*
- ***Provide complimentary toiletries***
 - *Small amenities would improve guest comfort.*

- *Collect guest feedback regularly*
→ *Suggestions would help improve future services.*

TOEFL Academic Writing Email - Ultimate Idea Bank

Master Category List (Version 2)

1. *Accommodation ✓ (Completed)*
 2. *Academic & Professional Events ✓ (Completed)*
-

Category: Academic & Professional Events

(Includes: workshops, seminars, conferences, career fairs, guest lectures, networking events, training sessions, academic competitions, orientation programs, and similar ETS-style situations.)

Things You Can Praise

- *Knowledgeable speakers*
→ *The presenters explained ideas clearly and shared valuable expertise.*
- *Well-organized schedule*
→ *Activities started and ended on time.*
- *Relevant topics*
→ *The sessions covered subjects that participants could apply in real life.*
- *Interactive discussions*
→ *Attendees had many opportunities to ask questions.*

- **Practical workshops**
→ Hands-on activities helped participants develop useful skills.
- **Networking opportunities**
→ Participants could meet professionals and classmates.
- **Friendly atmosphere**
→ Everyone felt comfortable participating in discussions.
- **Useful career advice**
→ Experts shared practical guidance for future employment.
- **Experienced guest speakers**
→ Industry professionals provided real-world insights.
- **Clear presentations**
→ Information was easy to understand and follow.
- **Helpful organizers**
→ Staff assisted participants whenever needed.
- **Good venue**
→ The location was comfortable and suitable for learning.
- **Modern equipment**
→ Audio and visual technology worked well.
- **Variety of sessions**
→ Participants could choose topics matching their interests.
- **Well-prepared materials**
→ Handouts and slides supported learning effectively.
- **Useful question-and-answer sessions**
→ Participants received detailed responses to their concerns.
- **Small group activities**
→ Teams encouraged active participation.
- **Inclusive environment**
→ Everyone had the opportunity to contribute.
- **Appropriate event length**
→ The program was long enough to be useful without becoming tiring.
- **Certificates of participation**
→ Participants received recognition for attending.

- **Free refreshments**
→ Snacks and drinks improved the overall experience.
 - **Accessible location**
→ The venue was easy to reach by public transportation.
 - **Real-world examples**
→ Speakers connected theory with practical situations.
 - **Professional organization**
→ Every part of the event ran smoothly.
 - **Motivating atmosphere**
→ Participants left feeling inspired to continue learning.
-

Common Problems

- **Sessions started late**
→ Delays disrupted the entire schedule.
- **Uninteresting presentations**
→ Some speakers failed to engage the audience.
- **Topics were too general**
→ Participants expected more detailed information.
- **Lack of interaction**
→ Attendees had few chances to ask questions.
- **Overcrowded venue**
→ The room was too full for comfortable participation.
- **Technical problems**
→ Microphones or projectors stopped working.
- **Poor sound quality**
→ Participants struggled to hear the speakers.
- **Insufficient seating**
→ Some attendees had to stand.
- **Short networking time**
→ There was little opportunity to meet others.

- **Complicated registration process**
→ *Signing up took too much time.*
- **Last-minute schedule changes**
→ *Participants became confused.*
- **Limited workshop capacity**
→ *Many people could not join popular sessions.*
- **Unclear instructions**
→ *Participants were unsure what to do.*
- **Not enough breaks**
→ *The event became tiring.*
- **Expensive registration fee**
→ *The cost discouraged potential participants.*
- **Poor venue location**
→ *Traveling to the event was inconvenient.*
- **Lack of practical activities**
→ *Too much theory reduced engagement.*
- **Inexperienced speakers**
→ *Some presenters lacked confidence or expertise.*
- **Insufficient event information**
→ *Participants did not know what to expect beforehand.*
- **Crowded networking areas**
→ *It was difficult to have meaningful conversations.*
- **Limited food options**
→ *Refreshments did not meet participants' needs.*
- **Materials unavailable afterward**
→ *Participants could not review the content.*
- **Sessions were too long**
→ *Concentration decreased over time.*
- **Poor time management**
→ *Some activities finished much later than planned.*
- **Low participant engagement**
→ *Many attendees remained passive throughout the event.*

Possible Improvements

- **Invite more expert speakers**
→ Experienced professionals would increase the event's value.
- **Include more hands-on activities**
→ Practical exercises would strengthen learning.
- **Improve time management**
→ A well-planned schedule would reduce delays.
- **Provide digital materials**
→ Participants could review presentations after the event.
- **Extend networking sessions**
→ More time would help attendees build professional connections.
- **Upgrade technical equipment**
→ Reliable technology would prevent interruptions.
- **Offer hybrid participation**
→ Online attendance would increase accessibility.
- **Reduce registration fees**
→ Lower costs would attract more participants.
- **Improve communication before the event**
→ Clear emails would prepare attendees better.
- **Increase workshop capacity**
→ More people could attend popular sessions.
- **Provide additional breaks**
→ Participants would remain focused throughout the day.
- **Offer refreshments throughout the event**
→ Food and drinks would improve comfort.
- **Create smaller discussion groups**
→ Everyone would have more opportunities to participate.
- **Collect participant feedback**
→ Suggestions would help improve future events.

- **Choose a more convenient venue**
→ Easier access would encourage attendance.
- **Publish the schedule earlier**
→ Participants could plan their time more effectively.
- **Record presentations**
→ Attendees could watch sessions they missed.
- **Provide clearer directions at the venue**
→ Better signs would reduce confusion.
- **Invite employers and recruiters**
→ Participants would gain more career opportunities.
- **Offer follow-up resources**
→ Additional materials would support continued learning.
- **Increase interactive Q&A sessions**
→ More discussion would deepen understanding.
- **Improve accessibility services**
→ The event would be more inclusive.
- **Limit session length**
→ Shorter presentations would maintain attention.
- **Encourage audience participation**
→ Interactive activities would create a more engaging experience.
- **Use real case studies**
→ Practical examples would make concepts easier to understand.

Master Category List (Version 3)

1. Accommodation ✓
 2. Academic & Professional Events ✓
 3. Technology Issues ✓ (Completed)
-

Category: Technology Issues

(Includes: computers, printers, Wi-Fi, websites, online learning platforms, university portals, software, apps, IT help desks, and other ETS-style technology situations.)

Things You Can Praise

- **Fast Wi-Fi**
→ The internet connection was stable and worked throughout the campus.
- **Reliable online platform**
→ Students could easily access course materials and assignments.
- **Helpful IT support**
→ The support team solved technical problems quickly.
- **Easy-to-use website**
→ The website was well organized and simple to navigate.
- **Modern computer labs**
→ The computers were updated and performed efficiently.
- **High-quality printers**
→ Printing was fast and produced clear documents.
- **Convenient mobile app**
→ The app allowed users to complete tasks anytime and anywhere.
- **Quick login process**
→ Users could access their accounts without unnecessary steps.

- **Automatic file backup**
→ Important documents were stored safely.
- **Useful online tutorials**
→ Step-by-step guides helped users learn the system.
- **Wide software availability**
→ Students could access all the programs they needed.
- **Fast technical maintenance**
→ Equipment was repaired with minimal downtime.
- **User-friendly interface**
→ Even first-time users could understand the system easily.
- **Secure online system**
→ Personal information was well protected.
- **24-hour system availability**
→ Services were accessible at any time.
- **Online appointment booking**
→ Users could schedule services conveniently.
- **Remote access**
→ Students could use university resources from home.
- **Efficient notification system**
→ Important updates were delivered promptly.
- **Clear instructions**
→ Users could complete tasks without confusion.
- **Good compatibility**
→ The software worked well on different devices.
- **Fast download speeds**
→ Large files could be accessed quickly.
- **Accessible digital library**
→ Students could easily find academic resources online.
- **Regular system updates**
→ Improvements kept the platform secure and efficient.
- **Multiple language options**
→ International students could use the system comfortably.

- **Simple password recovery**
→ Users could regain account access without difficulty.
-

Common Problems

- **Slow Wi-Fi**
→ Internet connections frequently interrupted online work.
- **Website crashes**
→ The website stopped working during busy periods.
- **Printer malfunctions**
→ Printers often jammed or failed to print correctly.
- **Forgotten passwords**
→ Users were unable to access their accounts.
- **System outages**
→ Online services became unavailable unexpectedly.
- **Software compatibility issues**
→ Some programs did not work on certain devices.
- **Outdated computers**
→ Old hardware slowed down important tasks.
- **Long IT support response time**
→ Users waited too long for assistance.
- **Complicated interface**
→ The platform was difficult to understand.
- **Lost files**
→ Documents disappeared because they were not saved properly.
- **Login errors**
→ Users experienced repeated authentication failures.
- **Insufficient computer availability**
→ Computer labs became overcrowded.
- **Broken equipment**
→ Some devices remained unusable for long periods.

- **Slow downloads**
→ Accessing large files wasted valuable time.
 - **Poor video quality**
→ Online classes were difficult to follow.
 - **Audio problems**
→ Participants could not hear instructors clearly.
 - **Frequent software updates**
→ Unexpected updates interrupted work.
 - **Limited storage space**
→ Users quickly reached storage limits.
 - **Confusing error messages**
→ Problems were difficult to identify and solve.
 - **Weak cybersecurity**
→ Users worried about privacy and data protection.
 - **Unavailable online resources**
→ Required materials could not be accessed.
 - **Difficult online registration**
→ Students struggled to complete enrollment procedures.
 - **App crashes**
→ Mobile applications closed unexpectedly.
 - **Lack of technical training**
→ Users did not know how to use important features.
 - **Poor accessibility**
→ Some students with disabilities had difficulty using the technology.
-

Possible Improvements

- **Upgrade Wi-Fi infrastructure**
→ Faster internet would improve studying and communication.
- **Replace outdated computers**
→ New hardware would increase efficiency.

- **Expand computer labs**
→ More workstations would reduce waiting times.
- **Improve website stability**
→ Reliable systems would prevent interruptions.
- **Simplify the user interface**
→ Clearer navigation would reduce confusion.
- **Provide more IT staff**
→ Faster assistance would solve problems sooner.
- **Offer technology workshops**
→ Users would learn how to use digital tools effectively.
- **Increase printer maintenance**
→ Regular inspections would reduce breakdowns.
- **Strengthen cybersecurity**
→ Better protection would safeguard personal information.
- **Add cloud storage**
→ Students could store files more securely.
- **Improve password recovery**
→ Simpler account recovery would save time.
- **Provide live technical support**
→ Immediate assistance would reduce frustration.
- **Optimize mobile applications**
→ Better performance would improve the user experience.
- **Increase server capacity**
→ The system would handle more users during busy periods.
- **Offer offline access**
→ Students could continue working without an internet connection.
- **Publish troubleshooting guides**
→ Users could solve simple problems independently.
- **Improve accessibility features**
→ More students could use the system comfortably.
- **Upgrade audio and video equipment**
→ Online meetings and classes would become clearer.

- *Send maintenance notifications*
→ *Users could plan around scheduled downtime.*
 - *Introduce automatic software updates*
→ *Systems would remain secure with less disruption.*
 - *Improve search functions*
→ *Users could find information more quickly.*
 - *Create a feedback system*
→ *User suggestions would guide future improvements.*
 - *Provide multilingual support*
→ *International students would understand instructions more easily.*
 - *Increase digital library resources*
→ *Students would have access to more academic materials.*
 - *Regularly test all systems*
→ *Early detection would prevent major technical failures.*

Category: Housing & Maintenance

(Includes: dormitories, apartments, student housing, residence halls, landlords, property managers, maintenance requests, utilities, repairs, cleaning services, and other ETS-style housing situations.)

Things You Can Praise

- **Quick maintenance service**
→ Repair requests were completed promptly.
- **Clean living spaces**
→ Rooms and common areas were kept tidy.
- **Helpful property manager**
→ The manager responded politely and efficiently.
- **Safe neighborhood**
→ Residents felt secure throughout the day and night.
- **Affordable rent**
→ Housing costs were reasonable for students.
- **Quiet environment**
→ The residence was suitable for studying and resting.
- **Reliable heating system**
→ Rooms stayed warm during cold weather.
- **Effective air conditioning**
→ Indoor temperatures remained comfortable in summer.
- **Good water supply**
→ Hot and cold water were consistently available.
- **Modern facilities**
→ Kitchens, bathrooms, and laundry rooms were well equipped.

- **Convenient location**
→ Housing was close to campus and public transportation.
 - **Friendly neighbors**
→ Residents created a welcoming community.
 - **Secure building access**
→ Key cards or security systems improved safety.
 - **Spacious rooms**
→ There was enough space for studying and storage.
 - **Well-maintained gardens**
→ Outdoor areas were attractive and relaxing.
 - **Regular cleaning service**
→ Shared facilities stayed hygienic.
 - **Reliable internet connection**
→ Residents could study and communicate easily.
 - **Good natural lighting**
→ Rooms felt bright and pleasant.
 - **Accessible facilities**
→ The building accommodated residents with different needs.
 - **Clear housing rules**
→ Expectations were easy to understand.
 - **Responsive emergency service**
→ Urgent problems were handled quickly.
 - **Convenient laundry room**
→ Residents could wash clothes easily.
 - **Good waste management**
→ Trash was collected regularly.
 - **Well-equipped study rooms**
→ Quiet shared spaces supported academic work.
 - **Flexible lease terms**
→ Rental agreements suited different student needs.
-

Common Problems

- **Slow maintenance response**
→ Repairs took too long to complete.
- **Heating failures**
→ Rooms became too cold during winter.
- **Air conditioning problems**
→ The building became uncomfortable in hot weather.
- **Water leaks**
→ Leaking pipes damaged rooms and furniture.
- **Noisy neighbors**
→ Loud conversations or music disturbed residents.
- **Poor cleanliness**
→ Shared kitchens and bathrooms were dirty.
- **Broken appliances**
→ Refrigerators, ovens, or washing machines did not work properly.
- **Frequent power outages**
→ Electricity interruptions affected daily life.
- **Weak internet connection**
→ Online classes and studying became difficult.
- **High rent**
→ Housing costs exceeded students' budgets.
- **Limited parking**
→ Residents struggled to find parking spaces.
- **Poor security**
→ Broken locks or inadequate lighting reduced safety.
- **Pest problems**
→ Insects or rodents created unhealthy living conditions.
- **Insufficient storage space**
→ There was not enough room for personal belongings.
- **Poor ventilation**
→ Rooms became stuffy and uncomfortable.

- **Unpleasant odors**
→ *Bad smells came from drains or garbage areas.*
 - **Delayed garbage collection**
→ *Waste accumulated around the building.*
 - **Confusing housing policies**
→ *Residents were unsure about rules and responsibilities.*
 - **Inconvenient laundry facilities**
→ *Too few machines caused long waits.*
 - **Damaged furniture**
→ *Beds, desks, or chairs needed replacement.*
 - **Poor lighting in common areas**
→ *Hallways and entrances felt unsafe.*
 - **Lack of study space**
→ *Residents had nowhere quiet to work.*
 - **Construction noise**
→ *Renovation work disturbed daily routines.*
 - **Unresponsive landlord**
→ *Questions and complaints were ignored.*
 - **Limited visitor access**
→ *Restrictive policies made hosting guests difficult.*
-

Possible Improvements

- **Respond to repair requests faster**
→ *Quicker maintenance would improve residents' comfort.*
- **Upgrade heating and cooling systems**
→ *Better climate control would make rooms comfortable year-round.*
- **Improve building security**
→ *More cameras and stronger access controls would increase safety.*
- **Schedule regular inspections**
→ *Routine checks would prevent major problems.*

- **Replace old furniture**
→ Modern furnishings would improve comfort.
- **Increase cleaning frequency**
→ Cleaner shared spaces would improve hygiene.
- **Expand laundry facilities**
→ More machines would reduce waiting times.
- **Improve internet service**
→ Faster Wi-Fi would support studying and remote work.
- **Add more storage space**
→ Additional shelves and cabinets would make rooms more practical.
- **Install better soundproofing**
→ Reduced noise would create a quieter living environment.
- **Improve outdoor lighting**
→ Brighter entrances would increase safety at night.
- **Offer flexible payment options**
→ Easier payment plans would reduce financial stress.
- **Create more study rooms**
→ Dedicated spaces would help students concentrate.
- **Improve waste management**
→ More recycling bins and regular collection would keep the building clean.
- **Provide emergency maintenance services**
→ Urgent issues could be resolved immediately.
- **Upgrade kitchen facilities**
→ Better appliances would make cooking easier.
- **Improve communication with residents**
→ Regular updates would reduce misunderstandings.
- **Plant more trees and green spaces**
→ Outdoor areas would become more relaxing.
- **Offer resident feedback surveys**
→ Suggestions would help improve housing services.
- **Improve accessibility features**
→ More residents could use the facilities comfortably.

- *Reduce unnecessary housing fees*
→ *Lower costs would make accommodation more affordable.*
 - *Increase parking capacity*
→ *More spaces would reduce inconvenience.*
 - *Install energy-efficient systems*
→ *Lower utility costs would benefit both students and the environment.*
 - *Clarify housing policies*
→ *Simple guidelines would reduce confusion.*
 - *Organize community activities*
→ *Social events would help residents build stronger relationships.*

Category: Transportation & Parking

(Includes: campus buses, shuttle services, public transportation, parking lots, bicycles, bike-sharing, walking paths, ride-sharing, traffic, commuting, and other ETS-style transportation situations.)

Things You Can Praise

- **Reliable shuttle service**
→ Buses arrived on time and followed the published schedule.
- **Frequent bus service**
→ Short waiting times made commuting convenient.
- **Affordable transportation**
→ Low fares helped students save money.
- **Free campus shuttle**
→ Students could travel around campus without extra cost.
- **Convenient bus stops**
→ Stops were located near classrooms and residence halls.
- **Safe transportation**
→ Drivers followed safety rules and vehicles were well maintained.
- **Comfortable buses**
→ Clean seats and air conditioning made trips pleasant.
- **Friendly drivers**
→ Drivers were polite and helpful to passengers.
- **Easy-to-understand schedules**
→ Timetables were clear and accurate.
- **Real-time tracking app**
→ Students could easily see when the next bus would arrive.

- **Reliable public transportation connections**
→ Campus routes connected well with city transit.
 - **Well-maintained parking lots**
→ Parking areas were clean and organized.
 - **Plenty of parking spaces**
→ Drivers could usually find a spot quickly.
 - **Safe bicycle lanes**
→ Dedicated paths encouraged cycling.
 - **Bike-sharing program**
→ Students could borrow bicycles conveniently.
 - **Well-lit parking areas**
→ Good lighting improved safety at night.
 - **Accessible transportation**
→ Vehicles accommodated passengers with disabilities.
 - **Covered bus shelters**
→ Shelters protected passengers from rain and sun.
 - **Smooth traffic flow**
→ Roads around campus were rarely congested.
 - **Electric shuttle buses**
→ Environmentally friendly vehicles reduced pollution.
 - **Convenient walking paths**
→ Sidewalks made it easy to walk safely across campus.
 - **Secure bicycle parking**
→ Bike racks protected bicycles from theft.
 - **Helpful transportation staff**
→ Employees answered questions and provided directions.
 - **Extended transportation hours**
→ Services operated late enough for evening classes.
 - **Well-marked signs**
→ Clear directions helped visitors navigate campus.
-

Common Problems

- ***Late buses***
→ *Delays caused students to miss classes.*
- ***Infrequent shuttle service***
→ *Long waiting times frustrated commuters.*
- ***Overcrowded buses***
→ *Passengers often had to stand.*
- ***Limited parking spaces***
→ *Finding a parking spot was difficult.*
- ***Expensive parking permits***
→ *Parking fees were too high for many students.*
- ***Heavy traffic***
→ *Congestion increased commuting time.*
- ***Poorly maintained roads***
→ *Potholes made driving uncomfortable.*
- ***Unsafe crosswalks***
→ *Pedestrians had difficulty crossing busy roads.*
- ***Lack of bicycle lanes***
→ *Cyclists felt unsafe sharing roads with cars.*
- ***Broken bike racks***
→ *Students had trouble securing their bicycles.*
- ***Poor lighting in parking lots***
→ *Dark areas reduced personal safety.*
- ***Confusing bus schedules***
→ *Timetables were difficult to understand.*
- ***No transportation during weekends***
→ *Students had limited travel options.*
- ***Unexpected route changes***
→ *Passengers were not informed in advance.*
- ***Old buses***
→ *Vehicles frequently broke down.*

- **Uncomfortable bus conditions**
→ Poor ventilation made trips unpleasant.
 - **Long walking distances**
→ Bus stops were far from important buildings.
 - **Insufficient bus shelters**
→ Students waited outside in bad weather.
 - **Poor accessibility**
→ Transportation was difficult for people with disabilities.
 - **Unsafe parking areas**
→ Vehicle theft and vandalism were concerns.
 - **Lack of transportation information**
→ Students were unsure about available services.
 - **Limited evening transportation**
→ Students attending night classes struggled to get home.
 - **Crowded sidewalks**
→ Walking between buildings became inconvenient.
 - **Complicated parking rules**
→ Drivers were confused by permit regulations.
 - **Poor communication about delays**
→ Students were not notified when services changed.
-

Possible Improvements

- **Increase bus frequency**
→ More buses would reduce waiting times.
- **Extend shuttle operating hours**
→ Evening and weekend services would help more students.
- **Add more parking spaces**
→ Drivers would find parking more easily.
- **Reduce parking fees**
→ Lower costs would make commuting more affordable.

- **Launch a real-time tracking app**
→ Students could plan their trips more efficiently.
- **Improve bus maintenance**
→ Reliable vehicles would reduce service interruptions.
- **Expand bicycle lanes**
→ Safer cycling routes would encourage environmentally friendly travel.
- **Install more bike racks**
→ Additional parking would support cyclists.
- **Build covered bus shelters**
→ Passengers would stay comfortable during bad weather.
- **Improve campus lighting**
→ Better visibility would increase safety.
- **Create more pedestrian crossings**
→ Students could cross roads more safely.
- **Provide electric shuttle buses**
→ Cleaner transportation would reduce pollution.
- **Improve road maintenance**
→ Better road conditions would create smoother travel.
- **Offer transportation discounts**
→ Reduced fares would benefit students with limited budgets.
- **Improve accessibility features**
→ Transportation would become easier for everyone to use.
- **Send service updates by mobile app**
→ Passengers would receive delay notifications immediately.
- **Simplify parking regulations**
→ Clearer rules would reduce confusion.
- **Increase security patrols**
→ Safer parking areas would protect people and vehicles.
- **Coordinate with city transportation**
→ Better connections would shorten travel times.
- **Introduce express shuttle routes**
→ Faster services would reduce commuting time.

- *Provide more weekend transportation*
→ *Students could travel outside regular class hours.*
 - *Expand walking paths*
→ *Better sidewalks would encourage walking.*
 - *Collect commuter feedback*
→ *Student suggestions would improve transportation planning.*
 - *Increase seating on buses*
→ *Larger vehicles would reduce overcrowding.*
 - *Publish updated transportation maps*
→ *Clear maps would help new students navigate more easily.*

Category: Campus Environment & Facilities

(Includes: campus buildings, outdoor spaces, gardens, walkways, benches, lighting, signage, public spaces, accessibility, sustainability, and other ETS-style campus facility situations.)

Things You Can Praise

- **Beautiful campus**
 - *The attractive surroundings created a pleasant learning environment.*
- **Well-maintained gardens**
 - *Green spaces were clean and carefully cared for.*
- **Clean campus**
 - *Buildings and outdoor areas were free of litter.*
- **Modern buildings**
 - *Facilities were updated and comfortable to use.*
- **Comfortable seating areas**
 - *Benches and outdoor furniture provided places to relax.*
- **Good lighting**
 - *Walkways and entrances were bright and safe at night.*
- **Clear campus signs**
 - *Directional signs helped visitors find buildings easily.*

- **Wide walking paths**
→ Sidewalks allowed people to move comfortably.
- **Accessible facilities**
→ Ramps and elevators supported students with disabilities.
- **Quiet outdoor study areas**
→ Green spaces were suitable for reading and studying.
- **Well-designed landscaping**
→ Trees and flowers improved the campus atmosphere.
- **Clean restrooms**
→ Public facilities were hygienic and well stocked.
- **Recycling stations**
→ Waste disposal encouraged environmentally friendly habits.
- **Safe campus**
→ Security measures helped students feel protected.
- **Convenient drinking fountains**
→ Water stations were easy to find.
- **Shaded outdoor spaces**
→ Trees and shelters made warm weather more comfortable.
- **Pleasing architecture**
→ Buildings reflected an attractive and professional design.
- **Well-maintained sidewalks**
→ Walking across campus was easy and safe.
- **Helpful campus maps**
→ Maps made navigation simple for new students.
- **Comfortable common areas**
→ Shared spaces encouraged social interaction.
- **Good ventilation inside buildings**
→ Fresh air improved indoor comfort.
- **Energy-efficient facilities**
→ Sustainable buildings reduced environmental impact.
- **Public art installations**
→ Sculptures and murals made the campus more interesting.

- **Convenient bicycle parking**
→ Students could safely leave their bicycles.
 - **Peaceful atmosphere**
→ The campus was relaxing and conducive to learning.
-

Common Problems

- **Poor lighting**
→ Dark walkways made students feel unsafe.
- **Litter on campus**
→ Trash reduced the campus's appearance.
- **Damaged sidewalks**
→ Cracks created safety hazards.
- **Insufficient seating**
→ Students struggled to find places to rest.
- **Poor signage**
→ Visitors often became lost.
- **Old buildings**
→ Aging facilities required renovation.
- **Lack of green spaces**
→ There were few places to relax outdoors.
- **Crowded common areas**
→ Shared spaces became uncomfortable during busy hours.
- **Broken drinking fountains**
→ Students had limited access to drinking water.
- **Poor restroom maintenance**
→ Bathrooms were not cleaned frequently.
- **Limited accessibility**
→ Some buildings were difficult to access.
- **Insufficient recycling bins**
→ Waste management was inconvenient.

- **Unsafe bicycle parking**
→ Bikes were at risk of theft.
 - **Poor ventilation**
→ Some classrooms and buildings felt stuffy.
 - **Construction noise**
→ Renovation work disturbed students.
 - **Unpleasant landscaping**
→ Neglected gardens reduced the campus's appeal.
 - **Graffiti on buildings**
→ Vandalism damaged the campus image.
 - **Lack of shade**
→ Outdoor areas became uncomfortable in hot weather.
 - **Inadequate security patrols**
→ Students felt less safe at night.
 - **Poor drainage**
→ Rainwater collected on walkways.
 - **Limited outdoor study spaces**
→ Students had few quiet places outside.
 - **Broken benches**
→ Outdoor furniture was unusable.
 - **Inconvenient campus layout**
→ Walking between buildings took too long.
 - **Poor maintenance of public spaces**
→ Facilities deteriorated over time.
 - **Lack of emergency call stations**
→ Students worried about personal safety.
-

Possible Improvements

- **Plant more trees**
→ Additional greenery would create a more relaxing atmosphere.

- **Improve campus lighting**
→ Better lighting would increase safety after dark.
- **Install more benches**
→ Students would have more places to rest and study.
- **Upgrade campus signs**
→ Clearer directions would help visitors navigate.
- **Repair sidewalks**
→ Safer walkways would reduce accidents.
- **Increase recycling stations**
→ More recycling bins would encourage sustainable habits.
- **Renovate older buildings**
→ Modern facilities would improve comfort.
- **Expand green spaces**
→ Parks and gardens would improve the campus environment.
- **Improve restroom maintenance**
→ Cleaner facilities would enhance student satisfaction.
- **Add covered outdoor seating**
→ Sheltered areas would protect students from rain and sun.
- **Install additional drinking fountains**
→ Easy access to water would benefit everyone.
- **Increase security patrols**
→ More visible security would improve safety.
- **Improve accessibility**
→ More ramps and elevators would support all students.
- **Maintain gardens regularly**
→ Attractive landscaping would create a welcoming campus.
- **Create outdoor study zones**
→ Comfortable workspaces would encourage studying outside.
- **Install bicycle shelters**
→ Covered parking would protect bicycles from weather.
- **Improve drainage systems**
→ Better drainage would prevent flooding after rain.

- **Add public art**
→ Murals and sculptures would make the campus more inspiring.
 - **Use energy-efficient lighting**
→ LED lights would reduce electricity costs.
 - **Increase waste collection**
→ Frequent trash removal would keep the campus clean.
 - **Provide interactive campus maps**
→ Digital maps would help students find locations quickly.
 - **Create relaxation areas**
→ Quiet outdoor spaces would reduce stress.
 - **Improve building ventilation**
→ Better air quality would increase comfort.
 - **Collect student feedback regularly**
→ Suggestions would guide future improvements.
 - **Promote sustainability projects**
→ Environmental initiatives would strengthen campus responsibility.

Category: Courses, Teaching & Learning

(Includes: classes, professors, instructors, teaching methods, assignments, exams, course schedules, curriculum design, online courses, classroom experience, and other ETS-style academic situations.)

Things You Can Praise

- **Knowledgeable professors**
→ Instructors had strong expertise and explained concepts clearly.
- **Engaging teaching methods**
→ Classes were interactive and encouraged students to participate.
- **Practical course content**
→ Lessons helped students develop useful real-world skills.
- **Clear explanations**
→ Professors presented difficult topics in an understandable way.
- **Helpful feedback**
→ Instructors provided comments that helped students improve.
- **Well-organized lectures**
→ Classes followed a logical structure and were easy to follow.
- **Interesting course materials**
→ Readings and assignments supported student learning.
- **Balanced workload**
→ The amount of homework was reasonable.
- **Flexible learning options**
→ Students could choose between different learning formats.
- **Small class sizes**
→ Students received more individual attention.
- **Supportive instructors**
→ Professors encouraged students when they faced difficulties.
- **Real-world examples**
→ Teachers connected theories to practical situations.
- **Useful group projects**
→ Teamwork activities improved communication skills.
- **Updated curriculum**
→ Courses included current knowledge and industry trends.
- **Well-designed assignments**
→ Tasks helped students understand course concepts.
- **Fair grading system**
→ Evaluation criteria were clear and reasonable.

- **Interactive classroom discussions**
→ Students had opportunities to share ideas.
 - **Accessible professors**
→ Instructors were available during office hours.
 - **High-quality online materials**
→ Digital resources supported independent learning.
 - **Good classroom environment**
→ Rooms were comfortable and suitable for learning.
 - **Career-focused courses**
→ Classes prepared students for future employment.
 - **Useful academic advice**
→ Professors helped students plan their studies.
 - **Motivating learning atmosphere**
→ Classes encouraged curiosity and creativity.
 - **Well-planned course schedules**
→ Timetables reduced conflicts between classes.
 - **Opportunities for research**
→ Students could develop academic skills through projects.
-

Common Problems

- **Unclear course requirements**
→ Students did not understand expectations or grading criteria.
- **Heavy workload**
→ Too many assignments created unnecessary stress.
- **Limited practical activities**
→ Courses focused too much on theory.
- **Boring lectures**
→ Students found classes difficult to stay engaged in.

- **Poor communication from instructors**
→ Important information was not shared clearly.
- **Insufficient feedback**
→ Students did not know how to improve their work.
- **Outdated course materials**
→ Content did not reflect current knowledge.
- **Large class sizes**
→ Students received limited personal attention.
- **Limited office hours**
→ Students struggled to ask questions.
- **Difficult exam schedules**
→ Multiple exams were placed too close together.
- **Unfair grading**
→ Students felt evaluation criteria were inconsistent.
- **Too much memorization**
→ Courses focused more on remembering facts than understanding concepts.
- **Lack of career preparation**
→ Courses did not provide enough professional skills.
- **Poor online course organization**
→ Digital materials were difficult to find.
- **Technical problems during online classes**
→ Learning was interrupted by connection or platform issues.
- **Insufficient academic support**
→ Students lacked help with challenging subjects.
- **Inexperienced instructors**
→ Some teachers had difficulty explaining complex topics.
- **Limited course choices**
→ Students had few options based on their interests.
- **Conflicting class schedules**
→ Required courses overlapped.

- **Too many group assignments**
→ Team projects sometimes created unfair workloads.
 - **Slow grading process**
→ Students waited too long for results.
 - **Lack of classroom interaction**
→ Students rarely participated in discussions.
 - **Poor classroom facilities**
→ Equipment or seating problems affected learning.
 - **Last-minute changes**
→ Schedule or assignment changes caused confusion.
 - **Insufficient preparation materials**
→ Students lacked resources before exams.
-

Possible Improvements

- **Provide clearer course guidelines**
→ Students would better understand expectations from the beginning.
- **Balance assignment workload**
→ A reasonable workload would reduce unnecessary stress.
- **Include more practical projects**
→ Students would gain skills useful outside the classroom.
- **Update course materials regularly**
→ Lessons would remain relevant and valuable.
- **Increase instructor office hours**
→ Students would have more opportunities for support.
- **Provide detailed feedback**
→ Comments would help students improve future work.
- **Use more interactive teaching methods**
→ Discussions and activities would increase engagement.

- **Reduce unnecessary memorization**
→ Students could focus on deeper understanding.
- **Offer career-related workshops**
→ Students would connect academic knowledge with professional goals.
- **Improve online learning platforms**
→ Digital courses would become easier to access.
- **Record lectures**
→ Students could review difficult material later.
- **Create smaller discussion groups**
→ More students could participate actively.
- **Improve exam scheduling**
→ Better planning would reduce academic pressure.
- **Provide additional tutoring**
→ Students would receive extra help in difficult subjects.
- **Expand course options**
→ Students could choose classes matching their goals.
- **Train instructors in teaching methods**
→ Better teaching skills would improve learning quality.
- **Introduce more real-world examples**
→ Students would better understand practical applications.
- **Improve classroom technology**
→ Better equipment would support effective teaching.
- **Create a clearer grading rubric**
→ Students would understand how their work is evaluated.
- **Encourage student feedback**
→ Course improvements could reflect learners' needs.
- **Improve communication channels**
→ Students would receive updates more efficiently.
- **Offer flexible attendance options**
→ Students with different circumstances could participate.
- **Develop interdisciplinary courses**
→ Students could learn from multiple fields.

- *Provide study guides before exams*
→ *Students could prepare more effectively.*
 - *Create mentorship programs*
→ *Experienced students could support newcomers.*

Category: Campus Clubs, Social Activities & Student Life

(Includes: student organizations, clubs, cultural events, volunteer programs, social gatherings, student communities, orientation activities, leadership programs, and other ETS-style student life situations.)

Things You Can Praise

- *Wide variety of clubs*
 - *Students could choose activities based on their interests and goals.*
- *Welcoming student community*
 - *New students felt included and supported.*
- *Interesting social events*
 - *Activities helped students relax and connect with others.*
- *Cultural diversity programs*
 - *Events allowed students to learn about different backgrounds.*

- **Leadership opportunities**
→ Students could develop teamwork and management skills.
- **Active student organizations**
→ Clubs regularly organized meaningful activities.
- **Volunteer opportunities**
→ Students could contribute to the community.
- **Friendly club members**
→ Experienced members helped newcomers participate.
- **Well-organized events**
→ Activities were planned professionally.
- **Affordable participation fees**
→ More students could join activities.
- **Career-focused clubs**
→ Organizations helped students build professional networks.
- **Creative workshops**
→ Students could develop new hobbies and skills.
- **International student activities**
→ Foreign students could connect with others easily.
- **Sports and recreation events**
→ Students had opportunities to stay active socially.
- **Regular meetings**
→ Clubs provided consistent opportunities for interaction.
- **Inclusive environment**
→ Students from different backgrounds felt welcome.
- **Good communication channels**
→ Students received event updates clearly.
- **Convenient event locations**
→ Activities were easy to attend.
- **Student-led initiatives**
→ Members had opportunities to organize their own projects.
- **Networking opportunities**
→ Events helped students make academic and professional connections.

- **Fun campus atmosphere**
→ Activities made university life more enjoyable.
 - **Useful skill-building programs**
→ Students learned communication and teamwork skills.
 - **Supportive club advisors**
→ Staff members guided student organizations effectively.
 - **Regular cultural celebrations**
→ Events strengthened the sense of community.
 - **Opportunities for new friendships**
→ Activities helped students meet people outside their classes.
-

Common Problems

- **Limited number of clubs**
→ Students had few options based on their interests.
- **Low student participation**
→ Many events did not attract enough attendees.
- **Poor advertising**
→ Students were unaware of available activities.
- **Lack of funding**
→ Clubs could not organize enough programs.
- **Unorganized events**
→ Activities sometimes lacked proper planning.
- **Limited meeting spaces**
→ Clubs struggled to find suitable rooms.
- **High participation fees**
→ Costs prevented some students from joining.
- **Few activities for international students**
→ Foreign students had fewer opportunities to connect.

- ***Inconvenient event times***
 - *Activities conflicted with classes or exams.*
- ***Inactive clubs***
 - *Some organizations rarely held events.*
- ***Poor communication***
 - *Students missed important announcements.*
- ***Limited leadership training***
 - *Club members lacked organizational skills.*
- ***Too many similar clubs***
 - *Some organizations offered repetitive activities.*
- ***Difficulty joining clubs***
 - *Registration processes were unclear.*
- ***Lack of volunteer opportunities***
 - *Students had fewer ways to contribute.*
- ***Few social events for new students***
 - *Freshmen struggled to build connections.*
- ***Limited cultural representation***
 - *Some student groups felt overlooked.*
- ***Small event budgets***
 - *Activities were less creative and engaging.*
- ***Lack of transportation for events***
 - *Students could not easily attend off-campus activities.*
- ***Poor accessibility***
 - *Some students could not fully participate.*
- ***Insufficient support from the university***
 - *Clubs received limited guidance.*
- ***Events focused on only certain groups***
 - *Other students felt excluded.*
- ***Last-minute announcements***
 - *Students had little time to prepare.*
- ***Few career networking events***
 - *Students missed professional opportunities.*

- *Limited online participation options*
→ *Remote students could not join activities.*
-

Possible Improvements

- *Create more student clubs*
→ *More options would allow students to find activities matching their interests.*
- *Increase promotion of events*
→ *Better advertising would improve participation.*
- *Provide more funding*
→ *Clubs could organize higher-quality programs.*
- *Offer leadership training*
→ *Students would develop organizational skills.*
- *Create an online club platform*
→ *Students could easily discover and join organizations.*
- *Provide more meeting spaces*
→ *Clubs would have places to organize activities.*
- *Reduce participation costs*
→ *More students could participate.*
- *Organize more orientation events*
→ *New students would build friendships faster.*
- *Increase international student programs*
→ *Students from different cultures could connect.*
- *Schedule events more carefully*
→ *More students could attend without conflicts.*
- *Support student-led projects*
→ *Students would have more opportunities to create activities.*
- *Create collaboration between clubs*
→ *Organizations could plan larger and more diverse events.*

- **Improve communication through social media and email**
→ Students would receive updates more effectively.
- **Offer more volunteer programs**
→ Students could gain experience while helping others.
- **Organize career networking events**
→ Students could meet professionals and employers.
- **Provide online event options**
→ More students could participate remotely.
- **Improve accessibility at events**
→ Activities would become more inclusive.
- **Collect student feedback**
→ Future programs could better match student interests.
- **Create mentorship programs**
→ New students could receive guidance from experienced peers.
- **Increase cultural exchange activities**
→ Students could learn from different communities.
- **Provide club management resources**
→ Organizations could operate more effectively.
- **Organize regular social gatherings**
→ Students would have more chances to build friendships.
- **Create student leadership awards**
→ Active members would receive recognition.
- **Improve event planning support**
→ Activities would run more smoothly.
- **Develop a stronger campus community**
→ Students would feel more connected to university life.

Category: International Student Services & Global Programs

(Includes: international student offices, exchange programs, study abroad programs, visa guidance, cultural orientation, language support, global events, and services for students from different countries.)

Things You Can Praise

- **Helpful international student advisors**
→ Advisors provided guidance about academic, cultural, and administrative issues.
- **Welcoming orientation programs**
→ New international students could adapt more easily to university life.
- **Visa assistance services**
→ Staff helped students understand important immigration procedures.
- **Cultural exchange events**
→ Programs encouraged students from different backgrounds to interact.
- **Language support programs**
→ Students improved their communication skills and confidence.
- **Friendly international community**
→ Students felt accepted and connected.
- **Clear information for newcomers**
→ Students received useful guidance before arriving on campus.

- **Study abroad opportunities**
→ Students could gain international academic experiences.
- **Experienced staff**
→ Employees understood the challenges faced by international students.
- **Academic transition support**
→ Programs helped students adapt to different education systems.
- **Multilingual services**
→ Students could receive information in languages they understood.
- **Cultural awareness workshops**
→ Students learned about different customs and traditions.
- **Airport or arrival assistance**
→ New students received support when first arriving.
- **International student clubs**
→ Students had opportunities to build friendships.
- **Exchange partnerships**
→ The university offered opportunities to study abroad.
- **Career support for international students**
→ Students received advice about employment opportunities.
- **Accessible online resources**
→ Important information was available before arrival.
- **Helpful housing guidance**
→ Students received assistance finding suitable accommodation.
- **Social integration programs**
→ Activities helped international students feel included.
- **Academic language workshops**
→ Students improved writing and communication skills.
- **Responsive communication**
→ Staff answered questions quickly.
- **Scholarship guidance**
→ Students learned about available financial opportunities.
- **Global campus atmosphere**
→ Diversity enriched the university experience.

- **Peer mentoring programs**
→ New students received support from experienced students.
 - **Well-organized exchange programs**
→ International opportunities were easy to understand and access.
-

Common Problems

- **Limited visa guidance**
→ Students struggled to understand immigration requirements.
- **Slow response from international offices**
→ Important questions remained unanswered for too long.
- **Insufficient orientation programs**
→ New students had difficulty adjusting.
- **Language barriers**
→ Students struggled to communicate effectively.
- **Limited cultural activities**
→ International students had fewer opportunities to connect.
- **Poor communication before arrival**
→ Students lacked important information about preparation.
- **Complicated paperwork**
→ Administrative procedures were difficult to complete.
- **Limited housing assistance**
→ Students struggled to find accommodation.
- **Few academic language resources**
→ Students needed more support with coursework.
- **Difficulty making local friends**
→ International students sometimes felt isolated.
- **Lack of career guidance**
→ Students were unsure about employment opportunities.

- ***Insufficient financial information***
 - *Students did not understand available funding options.*
 - ***Limited exchange opportunities***
 - *Few students could participate in international programs.*
 - ***Unclear university policies***
 - *Students were confused about academic rules.*
 - ***Few events involving local and international students***
 - *Communities remained separated.*
 - ***Limited support during emergencies***
 - *Students did not know where to seek help.*
 - ***Inaccessible information online***
 - *Websites lacked clear international student resources.*
 - ***Long processing times***
 - *Documents and requests took too long.*
 - ***Few language practice opportunities***
 - *Students had limited chances to improve communication.*
 - ***Cultural adjustment difficulties***
 - *Students struggled to adapt to a new environment.*
 - ***Limited staff availability***
 - *Students could not easily arrange meetings.*
 - ***Insufficient financial advice***
 - *Students had difficulty managing expenses.*
 - ***Few networking opportunities***
 - *Students had limited professional connections.*
 - ***Lack of support after arrival***
 - *Students received help only during initial orientation.*
 - ***Complex exchange application process***
 - *Students found international programs difficult to apply for.*
-

Possible Improvements

- ***Provide more detailed arrival information***
→ *Students could prepare better before coming to campus.*
- ***Increase visa support services***
→ *Clear guidance would reduce confusion about immigration procedures.*
- ***Create stronger mentoring programs***
→ *New international students would receive personal support.*
- ***Offer more language courses***
→ *Students could improve academic and daily communication skills.*
- ***Organize more cultural events***
→ *Students from different backgrounds could connect.*
- ***Improve international student websites***
→ *Important information would become easier to find.*
- ***Provide faster email responses***
→ *Students would receive assistance more efficiently.*
- ***Create peer support networks***
→ *Experienced students could help newcomers.*
- ***Offer more housing assistance***
→ *Students could find accommodation more easily.*
- ***Provide career workshops for international students***
→ *Students would better understand employment options.*
- ***Simplify administrative procedures***
→ *Less complicated paperwork would save time.*
- ***Increase collaboration between local and international students***
→ *Stronger connections would develop.*
- ***Offer cultural adaptation workshops***
→ *Students could adjust more comfortably.*
- ***Provide emergency support information***
→ *Students would know how to handle urgent situations.*
- ***Expand exchange partnerships***
→ *More students could participate internationally.*
- ***Create online orientation programs***
→ *Students could prepare before arrival.*

- **Improve scholarship information services**
→ Students would better understand financial opportunities.
- **Provide academic writing support**
→ Students could succeed more easily in coursework.
- **Organize regular international student meetings**
→ Students could share experiences and concerns.
- **Train staff in intercultural communication**
→ Services would better meet diverse needs.
- **Increase multilingual resources**
→ Information would become more accessible.
- **Develop stronger alumni networks**
→ Current students could receive advice from graduates.
- **Create more volunteer opportunities**
→ International students could engage with the local community.
- **Provide local culture workshops**
→ Students could understand their new environment better.
- **Collect international student feedback regularly**
→ Services could improve based on real experiences.

Category: Campus Communication & Information Systems

(Includes: university emails, student portals, announcement systems, newsletters, campus apps, websites, communication platforms, notifications, and other ETS-style information management situations.)

Things You Can Praise

- **Clear communication system**
→ Students received important information in an organized and understandable way.
- **Reliable university email service**
→ Emails allowed students to receive updates quickly.
- **User-friendly student portal**
→ Students could easily access academic and administrative information.
- **Regular announcements**
→ Students stayed informed about important events and deadlines.
- **Mobile campus application**
→ Students could access university services conveniently from their phones.
- **Fast notification system**
→ Urgent updates reached students quickly.
- **Well-organized website**
→ Information was easy to locate and understand.
- **Helpful newsletters**
→ Students learned about opportunities and campus activities.

- ***Accurate information***
→ *Students could rely on official announcements.*
- ***Simple online registration systems***
→ *Digital services made university procedures easier.*
- ***Good technical support***
→ *Students received help when experiencing communication problems.*
- ***Accessible online resources***
→ *Important documents and information were available anytime.*
- ***Regular updates***
→ *Students were informed about changes promptly.*
- ***Multiple communication channels***
→ *Students could receive information through email, websites, and apps.*
- ***Well-designed interface***
→ *Digital platforms were easy and comfortable to use.*
- ***Personalized notifications***
→ *Students received information relevant to their needs.*
- ***Effective emergency alerts***
→ *Safety information reached students quickly.*
- ***Transparent communication***
→ *The university explained decisions clearly.*
- ***Online appointment systems***
→ *Students could schedule services conveniently.*
- ***Digital document access***
→ *Students could find important files without visiting offices.*
- ***Helpful FAQs***
→ *Common questions were answered efficiently.*
- ***Accessible academic information***
→ *Course schedules and requirements were easy to find.*
- ***Fast response to inquiries***
→ *Students received answers in a reasonable time.*
- ***Well-managed social media channels***
→ *Students stayed connected with campus activities.*

- **Consistent communication style**
→ Messages were professional and easy to understand.
-

Common Problems

- **Late announcements**
→ Students received important information too close to deadlines.
- **Unclear emails**
→ Messages caused confusion because instructions were not specific.
- **Outdated website information**
→ Students found incorrect or old details online.
- **Technical problems with student portals**
→ Students could not access necessary services.
- **Too many unnecessary emails**
→ Important messages were difficult to notice.
- **Poor mobile app performance**
→ The campus app was slow or unreliable.
- **Missing notifications**
→ Students sometimes did not receive important updates.
- **Complicated online systems**
→ Digital platforms were difficult to navigate.
- **Slow technical support**
→ Problems with online services took too long to resolve.
- **Inconsistent information**
→ Different departments provided conflicting details.
- **Poor organization of online resources**
→ Students struggled to find documents.
- **Limited communication channels**
→ Students had few ways to receive updates.

- **Lack of language options**
→ International students had difficulty understanding information.
 - **Poor search function on websites**
→ Finding specific information took too much time.
 - **Frequent system errors**
→ Online tasks were interrupted.
 - **Insufficient reminders**
→ Students forgot important deadlines.
 - **No personalized information**
→ Students received too much irrelevant content.
 - **Poor emergency communication**
→ Urgent messages were not delivered effectively.
 - **Difficulty updating personal information**
→ Students faced problems changing account details.
 - **Limited online help resources**
→ Students could not solve common problems independently.
 - **Slow response to online requests**
→ Digital inquiries remained unanswered.
 - **Confusing portal design**
→ Students needed too many steps to complete tasks.
 - **Lack of training for new students**
→ Students did not know how to use university systems.
 - **Communication overload**
→ Too many platforms made information management difficult.
 - **Poor coordination between departments**
→ Different offices shared information inconsistently.
-

Possible Improvements

- **Create a centralized communication platform**
→ Students could find all important information in one place.
- **Improve the student portal design**
→ A simpler interface would make online services easier to use.
- **Update website information regularly**
→ Students would receive accurate and reliable details.
- **Develop a better mobile app**
→ Students could access services more conveniently.
- **Send fewer but more organized emails**
→ Important messages would receive more attention.
- **Provide automatic deadline reminders**
→ Students would avoid missing important dates.
- **Improve technical support response times**
→ Online problems would be solved faster.
- **Add multilingual communication options**
→ International students could understand information more easily.
- **Create clearer email templates**
→ Messages would become more consistent and understandable.
- **Improve website search features**
→ Students could find information faster.
- **Provide training sessions for new students**
→ Students would learn how to use digital systems effectively.
- **Integrate different university platforms**
→ Students would not need to use multiple separate systems.
- **Improve emergency notification systems**
→ Urgent information would reach everyone quickly.
- **Create a frequently asked questions section**
→ Students could solve common issues independently.
- **Allow personalized notifications**
→ Students would receive only relevant updates.
- **Improve online appointment systems**
→ Booking services would become easier.

- **Collect student feedback about communication tools**
→ Systems could be improved based on user experience.
- **Provide digital guides and tutorials**
→ Students would understand online services better.
- **Improve department coordination**
→ Information would become more consistent.
- **Create a student information dashboard**
→ Important academic and administrative details would be easier to monitor.
- **Use clearer language in official messages**
→ Students would better understand university policies.
- **Archive important announcements**
→ Students could access previous information when needed.
- **Improve accessibility features**
→ All students could use digital platforms comfortably.
- **Increase cybersecurity awareness**
→ Students could protect their personal information.
- **Provide faster feedback channels**
→ Students could receive answers more efficiently.
