Not everything that is learned is contained in books

AGREE

We can learn everything with books – no need to go to school and read book by ourselves – going school is enough to learn everything - students should be required to attend classes or should be optional for students - learn better by themselves than with a teacher - Attending classes and learning from school is better than getting information outside the class. Do you agree or disagree - Do you agree or disagree the statement "We learn important things in classroom?"

**Some people think that the best way to learn is attending lectures.
Others think that it is better to learn by themselves.**

- Sth like personal experience cannot be learned from books – self-esteem – should get experience from their teacher knowledge – learn how to work with other people – like working as a team on a university project – social interaction – can learn from others – make friends – get help from others in the case of need
 - To summarize, the requisition to understand ideas and concepts exceeds that of learning facts because it helps students be a successful person in the future and improve their personal lives. It is highly time we stopped focusing on facts which are absolutely trivial and pay attention to values which can revolutionize a person's life.
-

-
- (**disagree** : Increase Scientific knowledge → e.g. encyclopedia, broaden our mind. Scientists from centuries ago have studied and summarized much knowledge for hundreds of years so we can trust the information. Books help us to cultivate the specialized knowledge.
- **Learn new skills** → cooking (new dishes, foreign food), taking care of baby, health care
- **Learn about different cultures** → If we are interested in culture in other parts around the world, we don't travel to others, by reading books, we have much understanding of belief, customs and habits of those who don't belong to our country
- **Develop moral senses** → Bible, Quran, psychology books. Know what is right or wrong. Teach us good manners. Books on ethics are important to us because they sharpen human personality.)

Build a large factory near your community

Disagree

Live in large city/place – crowded city – large shopping center/high school/university/Movie Theater/ factory/ restaurant may be built in your neighborhood/community/city/town

 - **crowded area**
 -
-

Movies or television/PC/... influence people's behavior

Agree

*How TV influence life? – does it have effect? – TV change people life? – TV effects life in many ways? - Television has destroyed communication among friends and family – TV/PC/internet/technology/modern communication - Do you agree or disagree with the following statement? Television, newspapers, magazines, and other media pay too much attention to the personal lives of famous people such as public figures and celebrities. - there have been many inventions in technology in the 20th century. Mention one invention which is most important for you. Give examples and details. - Do you agree or disagree with the following statement? Telephone has greater influence on people's lives than television has. : **disagree***

- **Easily gain extensive knowledge in all areas** → get information about anything around the world- being a student and want to be well prepared for the coming entrance exam to the university → switch to educational channel
- **learn many practical skills to communicate with each other** → TV programs show similar cases happening in all aspects of real life → people learn lessons how to behave in certain cases → apply them in real life to solve their own issues
- **Source of entertainment** → making life more enjoyable- watching interesting films such as horror, romance, comedy, action
- **Cause serious problems** → health issues- obesity in well developed countries- laziness- physical and mental problems- young criminals imitate the violent scenes
- **Stop using our own imagination** → when we see things acted out for us → Mental laziness becomes physical laziness → we'd rather watch sports on TV than play sports ourselves. We'd rather visit the characters on "Friends" than go chatting with our own neighbors.

- **spend the majority of their time watching television** → people are neglecting time that could have been spent talking with both friends and family, could lead to the breakdown of relationships between family members and lost friendships
 - **makes you less sociable** → not going out with friends → People prefer to watch their favorite programs on TV rather than to play with their friends outside, a lot of different channels and programs,
 - **Get addicted to TV**
 - **Unhealthy** → being a sedentary person, produce different diseases such as obesity and heart diseases
 - **Learn bad attitude** → being selfish, speaking bad words, cheating, being rude with other people
-
- -entertainment, relieve stress, hectic life

Some people spend their entire lives in one place. Others move a number of times throughout their lives, looking for a better job, house, community, or even climate. Which do you prefer: staying in one place or moving in search of another place?

Employees for their entire lives

*Businesses should hire employees for their entire lives. Do you agree or disagree?: **disagree***

- **No competition** → no competition with other co-workers for getting promotions, little motivation and less overall productivity
- **Decreased performance** → staff soon gets boring with their stable job in such a long time, they will not work efficiently, The same-old-same-old environment soon makes them depressed, take them days and months to complete a task
- **Increase in unemployment** → No job for young graduated students, not allowing them to explore their potential young people who graduate from universities and colleges would not get any jobs in the industry until the current employees retire or resign from their jobs. These young and educated people will suffer as they would not get a chance to work and experience the things that they have learned during their education. If these new and young talents would not get an employment they would not be able to earn and support their families.
